

# The Remembrance Course

## THE REMEMBRANCE COURSE *A Magnificence Experience*

*Remember a time when you felt magnificent? Remember a time when you responded from the expression of your brilliance?*

*June 7-9, 2013*

The Remembrance Course was developed to give you the opportunity to examine your life in all areas, such as work, love & friendship. This Course experience gives you the chance to see how well you are doing in some areas and how to bring success to the areas in which you are having challenges, as well as to see where else you want to contribute your unique talents.

We are driven by unconscious beliefs—beliefs we formed many years ago in our early childhood. By the time we are 6 or 7 years old, we've already made decisions based upon our observations and experiences about love, what a relationship looks like, and how to be with men and women. And now, you may be operating out of some of those limiting beliefs and not realize it. In other words, you might be making really big decisions with outdated information.

At The Remembrance Course, you will be given individual attention and user-friendly tools to apply to daily living.

To register or obtain further information contact Headquarters or call Kathy at 850-508-9293 The course will be held in Tallahassee, FL .
